

Financial Administration

The Financial Administration of the Town of Herzogenaurach is subdivided into the departments Town Finance Department, Tax Office and Town Treasury.

The tasks of the Financial Administration of the Town of Herzogenaurach include, amongst others, internal and external payments, budgeting, implementation and surveillance of the budget, specification of municipal rates.

Functional Area: Town Finance Department

The Town Finance Department is responsible for the planning, preparation, implementation and monitoring of the town budget, as well as the accounting (annual accounts) for the town, the Pfründner Hospital, Seel- und Siechhausstiftung (Foundation for the Historic Almshouse Building) and the Department for Wastewater Treatment.

The double-entry budgets are divided into profit-and-loss budgets and cash-flow budgets including the relevant partial budgets.

The financial development of the individual organizational budgets is being monitored throughout the year by means of cyclic controlling reports.

The three annual accounts consist of the balances, the profit-and-

loss calculations and the cash-flow calculations, as well as the overviews of changes in claims, liabilities and assets including relevant explanatory attachments.

Functional Area: Tax Office

The main task of this functional area is to set the municipal rates

(trade, real estate and dog taxes, as well as rainwater and wastewater fees) of the Town of Herzogenaurach.

The tax revenue is one of the main sources of income for the municipal budget. It is used to finance public duties of the Town of Herzogenaurach and thus benefits the citizens of the town.

The rainwater and wastewater fees are used to refinance the wastewater treatment system managed and maintained by the Department for Wastewater Treatment in Herzogenaurach.

Contact for

- Real estate tax (A: 280 %), (B: 280 %)
- Business tax (320 %)
- Dog tax (55.00 EUR, reduced rate: 27.50 EUR / fighting dogs: 688.00 EUR)
- Rainwater and wastewater fee
- Business income tax for municipal commercial enterprises (BgA)
- Asset and liability insurances

Functional Area: Town Treasury

The Town Treasury manages the internal and external payment transactions for the town, the Department for Wastewater Treatment and the Pfründner Hospital, Seel- und Siechhausstiftung (Foundation for the Historic Almshouse Buildings).

It is responsible for all out- and in-payments, as well as dunning and enforcement procedures.

For payments from citizens/customers to the Town Treasury, there is a pay machine available at the Town Hall so payments can be executed easily and cashless.

For bank transfers to the Town Treasury, please always indicate the FAD (financial address) under payment reference, to enable a correct allocation of the payment.

Of course it is also possible to use direct debiting. For this purpose the Town Treasury needs a SEPA direct debit mandate (see download form "SEPA direct debit mandate").
